

Please do not take K-LOVE from my FM translator!(89.3FM) Without K-LOVE, I do not know where my life would be right now. It has brought me closer to God, helped to make me a more giving and loving individual, and a better asset to the community. I work in the local government, and my position is almost entirely customer service. I listen to K-LOVE all day, which brightens my spirit, and gives me positive insight and hope for the future. This helps me to act as a better servant to my local community, and gives them a positive experience to remember, as well. Without the positive musical influence of K-LOVE, the local community would have little chance of relief from the inappropriate material that is constantly being aired on other FM stations. My children and nieces and nephews love the music that they hear on K-LOVE, and are constantly singing the songs. Without this station, I would not have a station that I would be comfortable playing for them, and that would be a big mistake to deprive them of this needed spiritual and creative development. I see the K-LOVE bumper sticker for my local station everywhere I look now, and I know that there are hundreds of people in my community that obtain strength for the days ahead, as well as a peace towards all people, just like myself. It would be a huge mistake for the FCC to make the wrong decision here; the wrong decision would be taking K-LOVE off of the FM translator system. Thank you.
